## Final Details Regarding Carson Long Auction. Fri 4-26 and Sat 4-27.

**AUCTION:** The auction will be held in the Holman Chapel.

A photograph of the lots (single or grouping of items ) will be displayed on large screen TVs (we are using the TVs at the location and selling them at the end of the auction). This image will be the same one bidders on the internet will see at home on their computers (or mobile devices). People present in the Chapel and people online will all be able to bid.

We have a Lot # numbering system that corresponds the lots with their locations. This will facilitate live bidders locating the items if they want to see them in person. It will also help for online bidders and shippers for pickups.
